The Mind Snack Corner

in yourself, and others will follow.

Last week, we talked about the fear of failure, versus the reality of failure, and how it is really success because we are much closer to our goal, than before we tried. In this week's *'MindSnack'* we will discuss another inhibitor to us moving forward, and this is probably the most

common of all inhibitors: **NOT BUYING WHAT YOU ARE SELLING.** Now, before you turn away from this *MindSnack*, and assume that this isn't for you, understand that *EVERYONE IS IN*

SALES! And what we are selling is ourselves. Have you ever wondered why it's difficult to make friends? Or do you ever sit back and just wish that more REAL people would come into your circle,

instead of the people who are clearly just imposters? This is a common desire for many people, but here is the reality. No matter how good your presentation is of yourself...if you haven't bought the idea that this version of you is true, then the only kind of people you

will attract in your life are triers, and not buyers. Whenever I am presenting my product, one of the questions that almost always comes up is, *"well, do you have one, and how do you like it?"* See, before people actually buy anything from you, they want to know whether you are a satisfied customer of this product, yourself. Unfortunately, the mentality that many of us have is that we will buy after we make a few sales. But here is the reality. If you are a tire-kicker, or a window shopper, when it comes to your self-worth, then the only people you

will attract will be the tire kickers, the window-shoppers, the samplers. You can't use the confidence of others to buy yourself later. You have got to buy yourself NOW! Buy the idea that you are NOT just a substitute filling in for someone else who didn't show up. YOU BELONG HERE! YOU ARE AMAZING! YOU ARE PHENOMENAL! YOU ARE A WORLD CHANGER! THIS WORLD DOES NEED YOU! And once you make the decision to buy the fact that you are simply AMAZING...once you simply BELIEVE IN YOURSELF...others will follow suit. And, oddly enough, the people who don't want to buy, they will just begin to fade away. Life gets a whole lot better, and your dreams, begin to manifest themselves, almost as if you are an artist, painting your masterpiece.

There is one word that describes this: CONFIDENCE!
